GATETUTOR: ORIENTATION SESSION

On Saturday, 2nd May, 2020 an online orientation session was organized for SIEM faculty members to make everyone aware about the user interface of GateTutor web portal Google Meet. Mr. Mallikarjun, a GateTutor representative, delivered the mentioned session. About 40 faculties were present for the session including Principal, Deans, HODs. Mr. Mallikarjun explored the web portal thoroughly and explained how faculty can use this portal effectively for improved teaching-learning process. The portal enables students to access huge data base available at study centre on the portal from competitive exam preparations view point. The portal is also useful in improving employability of students. The session continued for about one and half hour.

Departmental Faculty Coordinators have been allotted for smooth functioning of this web portal at institute level. Students of SIEM will now be able to access this portal for preparation various technical competitive examinations
